DRY ICE WARNING: This order was packed with DRY ICE! If dry ice did not fully evaporate in transit: Avoid direct contact with skin. DO NOT TOUCH! Carefully remove the package contents, then reseal the cooler until dry ice evaporates.

Taste the difference with ultra-pure ice creams from this certified-organic creamery. Recognized by Food & Wine as one of the US's best, Blue Marble uses organic dairy and just enough sugar to create flavors so authentically spectacular, they'll change your ideas about great ice cream.

STORE: Blue Marble Ice Cream contains lower levels of stabilizers than most. Therefore they recommend enjoying within three weeks of opening for maximum quality. Unopened, the ice cream will retain its quality for up to 3 months.

ABOUT OUR PARTNER - BLUE MARBLE ICE CREAM

Born and raised in Brooklyn, New York, Blue Marble is NYC's only certified organic ice cream company. With its grass-fed dairy, Rainforest Alliance-certified sugar, single origin cocoa, pesticide-free fruits and other super premium ingredients, Blue Marble's ice cream has become a favorite among customers and critics alike and been heralded as such by Food & Wine, New York Times, Martha Stewart, and more.

If you are looking to satisfy both your craving and your conscience with a rich and decadent treat, look no further. Made with super-premium, certified-organic dairy from pasture-raised cows and the very best ingredients Mother Nature has to offer (entirely free of GMOs, pesticides and artificial additives), Blue Marble Ice Cream is the perfect dessert.

Friends Alexis and Jennie founded Blue Marble in Brooklyn, New York. Their mission was to offer ice cream that made taste buds happy and hearts feel good. Since launching in 2007, this mission has driven and defined them as a business and as people. With their triple-bottom-line focus, they built a sustainable company that actively cares for the world around them, as demonstrated by their thoughtful sourcing, responsible and environment-minded practices (when your Blue Marble order arrives, note the thermal packaging made from recycled denim rather than conventional Styrofoam) and extensive charitable efforts. They are very proud of their small business and appreciate the many farmers, families and friends who have made Blue Marble's success possible.
