For more than 50 years, family owned Long Island roadside stand Charlie's Famous Hot Dogs was a mecca for hot dog lovers thanks to a very special topping—their legendary onion sauce. For the first time, you can get the famous grab-and-go feast delivered to your door, complete with the onion sauce that built a culinary icon.

Legendary Onions

STORE: Refrigerate immediately upon receipt. Onions will stay fresh in your refrigerator for 30-45 days (there is also a use-by date on the jar).

PREP: Heat onions in a sauce pan over low to medium heat, stirring occasionally until heated through (onions can also be enjoyed cold).

Sabrett Hot Dogs

STORE: Hot Dogs may arrive fully or partially thawed and can be stored in your refrigerator or freezer. If storing in your refrigerator, refer to the use-by date on the package. Hot dogs can be stored in your freezer for several months. For easy defrosting, you may want to separate the hot dogs into smaller quantities and freeze in zip-lock bags.

PREP: Hot Dogs can be grilled, broiled, or cooked on the stove or in boiling water.

Charlies Onions are not just for hotdogs! Enjoy them with your favorite sausage, with scrambled eggs, over meatloaf, or with chicken, steak, and even fresh fish.

ABOUT OUR PARTNER - CHARLIE'S LEGENDARY ONIONS

Made with all-natural ingredients and no preservatives and gently sautéed with a magical combination of seasonings, Charlie's Legendary Onions turn the average hot dog, chicken dish, or vegetable stir-fry into a gourmet experience you'll never forget. Sold in jars at regional specialty markets in New York, they are now being shipped—by us at FoodyDirect—for the first time.
