ABOUT OUR PARTNER - NYE'S CREAM SANDWICHES

You won't find better ice cream sandwiches than Nye's. Handcrafted in small batches from the finest ingredients and available in classic American flavors that reminisce childhood and inspire new addictions, these North Carolina delicacies redefine just how good the frozen dessert can be.

While all the gourmet buzzwords apply to Nye's ice cream sandwiches (think "small batch," "hand-crafted," and "artisan"), what makes these desserts the real deal is simple. Chef Christian Nye relies on recipes he personally developed for each cookie and ice cream flavor Nye's makes. (And they happen to be amazing.) And they do indeed make their ice cream sandwiches in small batches, scooping each cookie onto its baking sheet by hand and assembling, wrapping, and packaging every sandwich with love.
